REU – 700 Clark Hall – noon – pizza served

2006 NanoTalk Schedule

- June 20 - “A Sound Barrier for Silicon”
Prof. David Muller, Applied & Engineering Physics
- June 27 - “Tools for Single-Molecule Electronics”
Prof. Dan Ralph, Physics.LASSP
- July 18 - “Nanomagnetism and Spin Torque – New Opportunities for Advances in Information Technology”
Prof. Robert Buhrman, Director, Center for Nanoscale Systems
- July 25 - “Title” - To be Determined
Prof. John Silcox, Applied & Engineering Physics
- Aug. 4 - “Title” - To be Determined
Prof. Sunil Bhave, Electrical and Computer Engineering
