

The Tracking Meeting

Dan Peterson, March 2000

He said he had to show “just one more plot”.
Now he is showing one for each slot.
Let me assure you, he has a lot.
Does he know what they mean? I think not.

Is it me? Or, is the room getting hot?
My brain feels like it is tied in a knot.
I wish I could lie down on a cot.
How many slides has this guy got?

Finally, he’s done, going back to his spot.
Now, the real battle can be fought.
We’ll ask him questions, put him on the spot,
show how clever we are with our own bon mot.
